Student-athletes are leaders in the classroom as well as on the field and the court DRW College Prep. Our student-athletes are held to high standards and must demonstrate our core values at all times. At DRW College Prep, we promote classroom excellence as well with athletic growth & competition.

To participate as an athlete at DRW College Prep, students are required to maintain three credit hours, a cumulative of 2.3 GPA unweighted and current 2.3 GPA weighted, and meet any additional requirements by the coach, Athletic Director, or Principal. The student must also be in “good standing” per our Student Code of Conduct Addendum. Other requirements to be eligible consist of a certified sports physical, updated school physical, IHSA forms, Concussion forms, and Noble Network handbook forms. All of these forms are given to parents and students to be read, signed and returned to our office personnel, and sports fee must be paid before the start of a season.

Students who have not paid their previous sports fee may not be allowed to play in another sports season.

The Athletic Director and coaches work together to create a comprehensive athletic program to further equip our student-athletes with tools and resources to achieve and maintain success. They are student-athletes to be students first and athletes second. We strive to provide a well-rounded & 100% certified coaching staff who can accelerate progression and push students to the next level physically while paying close attention to his or her academic needs. DRW College Prep is a family; we are excited about our college-bound athletes!

Sincerely,
Mr. Jerwane Ford
Athletic Director
