Dear Golder School Community,

We hope this email finds everyone well and practicing social distancing.

Please know that Golder staff misses each of you!

Effective Tuesday April 14, 2020, remote learning will begin at Golder. Teachers have been working hard to create a remote learning plan that will provide your child with rigorous instruction as well as support during this new normal. This plan will remain in effect for the rest of the academic school year.

For full information on Golder’s remote learning program and support please view this video from Golder’s Dean of Students, Ms. Bennett in English and this video from Golder's Enrollment Coordinator, Mr. Serrano in Spanish.

Additionally, you will find all the important links for this week’s remote learning as well as other helpful resources below. Remote learning will be fully updated by 5:00pm on Monday, April 13th.

Sincerely,

Mr. Gay
Principal Golder College Prep
