Bulls Prep Family,

I hope this week finds you safe and well. Here is this week’s Community Update.

**Remote Learning Updates:** Our building may be closed but the learning never stops. Please continue to use our Remote Learning [website](#) (linked here). Shout-out to all of the Bulls Prep students who continue to make the most of this challenging time by engaging in their virtual learning. Like last week, I wanted to shout-out four students who are building college ready skills and displaying exceptional effort during their remote learning. Here we go!

- **9th Grade:** Shout-out to Kayla Houston! Kayla has consistently and eagerly participated in remote learning. The curiosity she demonstrated in the classroom has continued to remote work as she has used teachers’ office hours to accelerate her learning. We are proud of her consistency and focus! Keep it up, Kayla!

- **10th Grade:** Shout-out to Xochi Tlacuatl-Juarez! Xochi has been incredibly consistent in engaging in remote learning, and really stepped up her academic performance in semester 2! Her current unweighted GPA is 0.52 higher than her cumulative unweighted GPA, and she has increased her grade in chemistry by 13% since the school closure. Xochi's teachers are extremely proud of the work that she is doing, and the persistence she has shown!

- **11th Grade:** Shout-out to Samantha Dorado! Samantha has been praised by all of her teachers for the remote learning she's doing. Not only is she keeping up with her own learning, she continues to make others better by encouraging and motivating others to do the same. Thanks for being such a support for your entire class! The 11th Grade Team is very proud of you!

- **12th Grade:** Shout-out to Darriel Hargrett and Elizabeth Ochoa! Both students have turned in every AP assignment and have also gone out of their way to engage in any cultural opportunity that has presented itself. They are living examples of making others better and attention to detail!

**Food Service available at Bulls starting on 5/26:** I’m excited to announce that Noble will be expanding food service and will now be serving food from Bulls Prep starting on Tuesday, 5/26. Meal kits including up to 3 days of breakfast and 4 days of lunch will be available on weekdays from 8am-11am for any Bulls Prep student or family member. Food staff are practicing social distancing and are providing meals safely just outside the school’s main entrance (Adams street).

**Senior Updates:**

- **Graduation Details:**
  - Our virtual graduation is scheduled for Sunday, 6/21 at 3pm. We will be sharing details via email, so please stay tuned.
  - We will be putting caps and gowns in the mail at the end of next week. Please ensure we have your correct mailing address on PowerSchool. You can reach out to your advisor or the main office if your address has changed.
  - All students will be included in the virtual ceremony, but in order to officially graduate, receive a diploma, and matriculate to college, seniors must pass all of their classes first.

- **Virtual Prom is Coming!**
Thank you to all of the seniors who contributed to our virtual prom celebration! The results for Prom King and Queen are in and they will be announced in our virtual celebration, tentatively to be released on 5/29. Stay tuned!

**SY 20/21 Scheduling - Student Input Needed by Friday:** All students received an email this week including information about their schedule for next year. Please read this closely with your student and ensure they complete the preference form by 5/22 to ensure their preferences can be considered in creating their schedule next year.

**STLS Notice of Rights:** We are including this blurb again as we realized you didn't have access to the attachment through the last update….Each school year, we want to make sure our Bulls Prep families are informed of their rights, particularly those who are in temporary or transitional living situations. The Students in Temporary Living Situations Program ensures that every student will have equal access to the same free and appropriate educational opportunities as students who are permanently housed. If you would like to learn more information about the rights of students in temporary living situations, please refer to this notice.

Finally, please note that Monday is a Holiday on the Noble calendar. Our staff will be “offline” on Monday in observance of Memorial Day. Let's finish this week strong with great remote learning engagement before enjoying a long weekend.

We Are Bulls Prep.

Mr. Hamstra
