Medical Insurance
Health Maintenance Organization (HMO)
The HMO gives you access to certain doctors and hospitals, but restricts services to in-network providers only. Your care is managed by a Primary Care Physician (PCP) chosen at the time of enrollment. If you require a specialist, outpatient procedure, or hospitalization, your registered PCP must refer you. There are no out-of-network benefits.

Preferred Provider Organization (PPO)
A PPO plan offers the freedom to receive care from any in- or out-of-network doctor, specialist or hospital without a referral. You have a deductible to meet and once the deductible is met, coinsurance (or the cost share between you and the carrier) kicks in. The types of medical services that accumulate towards your deductible are inpatient hospital stays, outpatient surgeries, labs (blood work) and x-rays (MRIs, PET scans, CT scans, etc.). If you go to the doctor, see a specialist, utilize the ER or take a prescription drug, you’ll pay a copay for those specific services. Copays do not accumulate towards your deductible but they do accumulate towards your overall out-of-pocket maximum.

High Deductible Health Plan (HDHP) with Health Savings Account (HSA)
This medical plan option is comprised of two components (1) a High Deductible Health Plan (HDHP) and (2) a tax-exempt savings account called a Health Savings Account (HSA).

The HDHP is a high deductible PPO plan that provides health care benefits after the deductible has been met. All medical services, with the exception of preventive care, are paid for by you at 100%, less carrier discounts, prior to meeting your entire annual deductible. This includes routine office visits, procedures, lab work, prescription drugs, etc.

The HSA is a bank account paired with your HDHP allowing you to set aside money on a tax-free basis to pay your out-of-pocket qualified medical, dental, and vision expenses throughout the year or in the future. You own the money in your HSA account and it is yours to keep – even when you change plans or retire. The funds roll over from year to year to be used when you really need them.

At the beginning of each calendar year Noble will contribute into your HSA to help you pay for qualified medical expenses that may come up. If you’re enrolled in the High Deductible PPO Plan A as employee only, you’ll receive $250 and employee plus one or more dependents will receive $500. If you’re enrolled in the High Deductible PPO Plan B as employee only, you’ll receive $500 and employee plus one or more dependents will receive $1,000.

Health Savings Account

High Deductible Health Plan (HDHP) with HSA

The HDHP is a high deductible PPO plan that provides health care benefits after the deductible has been met. All medical services, with the exception of preventive care, are paid for by you at 100%, less carrier discounts, prior to meeting your entire annual deductible. This includes routine office visits, procedures, lab work, prescription drugs, etc. Although you have the flexibility to see any doctor or visit any hospital of your choice, you will pay significantly less money out of your pocket if you use a doctor or hospital that is in the network. Preventive care services are covered at 100% as long as your physician codes your visit as preventive and services fall under the allowable preventive services guidelines [www.healthcare.gov/coverage/preventive-care-benefits].

See below for example of what doctors visit would look like on a HDHP

You go to the doctor and present your ID card

Your doctor submits the bill to BlueCross BlueShield

BlueCross adjusts the pricing to reflect network discount

BlueCross sends Explanation of benefits (EOB) to both you and the doctor

Your doctor sends you a bill matching the cost from the EOB

You pay the bill using pretax dollars from your Health Savings Account (HSA)

The HSA is a bank account paired with your HDHP allowing you to set aside money on a tax-free basis to pay your out-of-pocket qualified medical, dental, and vision expenses throughout the year or in the future. You own the money in your HSA account and it is yours to keep – even when you change plans or retire. The funds roll over from year to year to be used when you really need them.

You’re eligible for a health savings account if:

- You are covered by a qualified high deductible health plan (HDHP)
- You are not covered by any other medical coverage that is not considered a qualified HDHP
- You are not enrolled in Medicare (Part A included)
- You are not claimed as a dependent on someone’s tax return
- You are not enrolled in a Medical Flexible Spending Account (your own or your spouse’s)

Paying the true cost of your medical services, less carrier discounts, until your deductible has been met will feel a bit different than other medical plans you may have been enrolled in previously.

Dental Insurance
Preferred Provider Organization (PPO)

These dental plans allow the flexibility to select any dentist in-network or out-of-network. By staying in-network, the contract between your dentist and insurance carrier will make your annual benefit period maximum last longer.

Dental coverage focuses on preventive and diagnostic procedures in an effort to avoid more expensive services associated with dental disease and surgery. The type of service or procedure received determines the amount of coverage for each visit. Each type of service fits into a class of services according to complexity and cost.

Preventive:
- Annual cleanings (2 per year)
- X-rays (1 per year)
- And more

Basic:
- Fillings
- Simple extractions
- Root canals
- And more

Major:
- Dentures/bridges/partials
- Crowns
- Implants

Short & Long-Term Disability | BlueCross BlueShield

If you become ill or suffer an injury that prevents you from working, this form of disability insurance replaces a portion of your income for a defined maximum period of time. The cost of the benefit is 100% paid for by Noble.
Flexible Spending Account (FSA) | Further

Flexible Spending Accounts (FSA) allow you to save money on a pre-tax basis to pay for qualified medical expenses and/or dependent care expenses you may incur throughout the year. The money you put into your FSA is done so on a pre-tax basis. This means you are lowering your taxable income and also not paying taxes when the money is used for qualified expenses.

**Health Care FSA** - You may contribute up to $1,000 per plan year to pay for qualified medical, dental and vision expenses for yourself and eligible family members. Funds in this account can be used to cover all eligible expenses on your tax dependents even if they are not enrolled under your health care plan. Eligible reimbursable expenses include medical and dental plan deductibles and copays (if applicable), orthodontia expenses not covered by your dental plan, prescription drugs, prescription eye glasses and contact lenses, Lasik eye surgery and much more.

**Limited Purpose FSA** - If you enroll in the HDHP/HSA plan and open a health savings account, you are not able to enroll in the Health Care FSA, since you’re already putting tax-free dollars aside to pay for qualified expenses. You are, however, able to enroll in the Limited Purpose FSA, which allows you to pay for eligible out-of-pocket dental and vision expenses.

*Health Care FSAs and Limited Purpose FSAs have a use-it-or-lose-it provision, so be conservative when electing how much to contribute. Up to $570 can be rolled over into the next plan year. Employees have until March 31st of the following year to submit any claims.*

**Dependent Care FSA** - You may contribute up to $5,000 per plan year to pay for qualified eligible dependent care expenses. Funds in this account are saved on a tax-free basis.

*Dependent care FSAs have a use-it-or-lose-it provision. No funds can be rolled over. Employees have until March 31st of the following year to submit any claims.*

Commuter Benefits | WEX

Commuter Benefits allow you to set aside tax-free money to pay for eligible expenses you incur as part of your commute to and from work.

**Parking** - You may elect to have a maximum of $300 per month deducted from your gross income earnings. The most common eligible expenses are charges for parking at or near your place of work or at a location from which you commute to work, such as a train station. The amount elected will not be subject to federal, state, social security or Medicare taxes.

**Mass Transit** - You may elect to have a maximum of $300 per month deducted from your gross income earnings to be used for the cost of mass transit. The most common eligible expenses are charges for mass transit train and bus tickets. The amount elected will not be subject to federal, state, social security or Medicare taxes. Your tax savings will vary depending on your elected deduction amount and tax bracket. Most employees will save approximately $18 for every $50 they pay for commuting expenses (35%).

To learn more about your benefits visit [https://www.wexinc.com/](https://www.wexinc.com/), email customerservice@wexhealth.com, or call 866-451-3399
**Critical Illness Insurance | Voya**

Critical Illness Insurance provides you with a lump-sum cash benefit in the event you or a loved one is diagnosed with a covered condition such as cancer, heart attack, or stroke. It can help provide financial protection so you can focus on what is really important – getting better. Plus, the policy will also pay you a $75 benefit when you complete a qualified health screening, including a COVID-19 test. You can elect coverage without answering medical questions!

There is no pre-existing condition clause and you can use this coverage more than once. Even after you receive a payout for one illness, you are still covered for the remaining conditions and for the reoccurrence of some of the critical illnesses. The benefit maximum is 2 times the benefit amount for each Critical Illness. Please review your plan document for more details and limitations.

**Example of Reoccurrence Benefit:** At 49 years old, Bob enrolled in a $20,000 policy. Five years later, at the age of 54, Bob is diagnosed with cancer and receives 100% of his benefit or a lump sum of $20,000. At age 60, Bob suffers a heart attack. He again receives 100% of his benefit or a lump sum of $20,000. Over the life of his plan, Bob receives a total of $40,000.

**Who can get coverage?**
- **Amount:** Choose $10,000, $20,000 or $30,000 of coverage
- **Your spouse:** Spouses can get 50% of the employee coverage amount as long as you have purchased coverage for yourself.
- **Your children:** Children can get 50% of the employee coverage amount as long as you have purchased coverage for yourself.

**Why should I buy coverage now?**
- It’s more affordable when you buy it through your employer and the premiums are conveniently deducted from your paycheck.
- If you apply during your initial enrollment, you can get coverage without a health exam or medical questions.
- Coverage is portable. You may take the coverage with you if you leave the company or retire. You’ll be billed at home.

*This is not a comprehensive list of covered injuries and treatments. Limitations and exclusions apply. Refer to the policy, certificate and riders for complete details.*
Accident insurance pays you a set benefit amount based on the type of injury you have and the type of treatment you need for accidents that occur on or off the job. It covers a range of incidents, from common injuries such as dislocations and fractures, to more serious events such as ER visits and hospitalization. Plus, the plan will also pay you a $50 benefit when you complete a qualified health screening, including a COVID-19 test!

Accident insurance can help you with out-of-pocket costs that your medical plan does not cover, like co-pays and deductibles. The plan pays benefits directly to you and you are guaranteed base coverage, without answering health questions. The cost is conveniently deducted from your paycheck. You can keep your coverage if you change jobs or retire.*

**Telemedicine | MDLIVE**

Knowing how busy your day is, we have found a more robust virtual option for doctor consults for people choosing any of the PPO plans. Download the mobile app and complete the new patient information so you’re ready to talk to a doctor when you need it.

**MDLIVE**

With MDLIVE, you can visit with a physician 24 hours a day, 7 days a week, 365 days a year from your home, campus, or on the go from the app. Board-certified and state-licensed physicians are available by phone or secure video to assist with non-emergency medical conditions.

**When to use MDLIVE:**

» Instead of going to the ER or an urgent care center for a non-emergency issue
» During or after normal business hours, nights, weekends and even holidays
» If your primary care doctor is not available
» If traveling and in need of medical care

Please call 888.676.4204 or visit [https://members.mdlive.com/bcbsil/landing_home](https://members.mdlive.com/bcbsil/landing_home) to get started.

Please note that the HMO plan is excluded from MDLIVE.

Sick Bank Days
Accrued but unused PTO rolls into the sick bank at the end of each school year.

Sick days can be used in advance of PTO and can also be used for the care of any loved one, including pets.

Support for Parents and Kids
An ever-increasing number of Noble staff are choosing to grow their families; Noble has some key supports for our parents and kids.

Noble Day Care
» Sliding scale rates for Noble staff
» Priority enrollment for Noble staff
» Contact yespinoza@nobleschools.org for more information

Parental Leave Policy
» After 6 months of service, Noble staff are eligible for Parental Leave
» Parental Leave is divided into 3 subparts: Disability Leave, Bonding Leave, and Extended Bonding Leave
» Disability Leave—6 to 8 weeks of paid leave for the period of disability caused by childbirth. Paid for by Noble and Noble’s short-term disability insurance policy
» Bonding Leave—6 weeks of paid leave to bond with a new child. Paid for by Noble.
» Extended Bonding Leave—6 additional weeks of leave to bond with a new child. Paid for by the employee using PTO and/or sick bank.
» All 3 options will run concurrently with FMLA, state paid or unpaid leave laws and/or Noble’s 60-day unpaid leave of absence, as applicable
» Noble also provides Short-Term Disability coverage, which can provide 60% income replacement during the covered portion of a leave.

For more information, please reach out to your campus HR partner or review the Parental Leave Policy in the Noble Staff Handbook.
Career Support

Whether developing as a teacher, honing leadership skills, or seeking additional distinction in your career, Noble has a variety of programs to support.

On-Going Instructional Support
Core to Noble’s best-in-country results are the multitude of opportunities provided to instructors, leaders, and staff focused on delivering relevant and rigorous content aligned to our defined approach to instruction known as The Noble Classroom. In addition to resources and workshops, all Noble teachers are provided personalized coaching through regular 1:1 instructional support.

Leadership Pathways
Noble offers a variety of annual career-development pathways including the Diverse Leaders Fellowship which pairs aspiring staff of color with senior leaders in a year-long mentorship and career cohort.

Distinguished Teacher
Each year, through a rigorous application and selection process, a cohort of Noble teachers who have consistently demonstrated exceptional results with students can earn Distinguished Teacher recognition. In addition to the honor and recognition of being selected, Distinguished Teachers are eligible for an annual $10,000 salary increase and a variety of other benefits for the duration of their time as a Noble teacher.

Tuition Support for Master of Arts in Teaching
Noble offers teachers 75% tuition coverage for traditional and alternative teacher licensure programs at select partner universities. If deemed eligible, teachers have the opportunity to obtain a Master of Arts in Teaching and Illinois teaching license in just two years while remaining in the classroom. For more information visit Noble’s Careers page and navigate to the Teacher Licensure Program.

Teacher Licensure
Myra Mitchell, the HR team’s Licensure Specialist, is available to make sure you have help navigating the often complex process of obtaining state licensure. She can be reached at credentials@nobleschools.org.

Tuition Support for Subject Endorsement Programs
Noble has partnered with University of Phoenix to offer online subject endorsement courses at a subsidized cost for current Noble teachers. Noble provides tuition support up to $5,000 for endorsements in Math, ELA, Science, Social Science, Foreign Language, and ESL/Bilingual. Please reach out to credentials@nobleschools.org to learn more, determine eligibility, and for support in enrolling.

Career Advice
Interested in exploring opportunities within Noble or want career support? You are welcome to reach out to careers@nobleschools.org to talk to a member of the Talent Team.

Referral Incentives
40-50% of Noble’s hires each year come from referrals from current staff members; Noble offers $1,000 referral bonuses to staff who recommend someone hired at Noble and completes 120 days of active service.

Tips, Tricks & Tools
Preventive/Wellness Exams Covered at 100%

- Preventive care is equal to one physical exam per year per enrolled member
- Females get an annual well-woman exam covered at 100% in addition to their annual physical exam
- No out-of-pocket costs apply - these exams are fully covered as long as your physician codes them as preventive

Prescription Drugs

- Ask your doctor if there’s a generic version of any medication you’re currently taking or being prescribed
- Take advantage of the Prescription Savings Programs at major retailers
- Ask about free samples from your doctor and/or manufacturer rebates

High Cost Scans, X-Rays & Tests

- MRI, PET scans, CT scans, etc. are nearly 2/3 less costly at free-standing, in-network imaging centers than at hospitals
- Whenever possible, compare cost options prior to scheduling your necessary services

Accessing Medical Care

The ER is a costly experience for issues that aren’t true emergencies. There are alternatives that can offer quick care at a much more affordable cost. The key is finding these alternatives today when you’re happy and healthy.

- Doctor’s office: for symptoms that aren’t life threatening, call and let them know your symptoms require immediate attention
- Convenient Care Clinics: use when you don’t have a primary doctor or can’t get an appointment. Good for fever, sore throat/strep, coughs/congestion, sports physicals, UTIs, etc. Visit cvs.com or walgreens.com to find a clinic near you*
- Urgent Care (UC): less costly than the ER; can treat sprains/strains, minor breaks, mild asthma, minor infections, rashes, small cuts, burns, etc.

* If enrolled in a BCBS medical plan, before filling any prescription at CVS, please refer to https://www.myprime.com/content/myprime-v2/en/sso-consent.html or contact BlueCross BlueShield to find out if your prescription drug(s) are covered in-network.
